Description: Thank you for your interest in Apple Ridge Academy! Our program is based on the philosophy that young children learn best by doing. Learning isn't just repeating what someone else says; it requires active thinking and experimenting to find out how things work and to learn first hand about the world we live in. In their early years, children explore the world around them by using all their senses (touching, tasting, listening, smelling, and looking). Apple Ridge Academy teachers offer a variety of new experiences, both inside and outside the classroom, and create lesson plans according tot the interests and needs of the children. More than just providing basic child care, we're teaching them how to learn, not just in preschool, but all through their lives. We're allowing them to learn at their own pace and in the ways that are best for them. We're encouraging them to demonstrate good habits and attitudes, particularly a positive sense of themselves, which will make a difference throughout their lives. We look forward to your family joining us in... "A Journey to Excellence".

Description: The Menomonee Falls Preschool Co-operative was established in 1964 by a group of parents interested in establishing and maintaining a school for preschool age children. We are a fully accredited, non-discriminatory, state certified and supervised preschool. As a Co-operative, Menomonee Falls Preschool is committed to providing an environment where parents and children learn and grow together. We have students from Menomonee Falls, Germantown, Richfield, Sussex, Jackson and other surrounding communities. Our goal is to enrich and enhance the growth and development of the “whole” child. We are concerned about a child’s physical, emotional, social and intellectual growth. Above all else we want the children to feel good about themselves and others. The involvement of parents in the classroom is an important part of this process and provides the child with a unique early educational experience. Children are given the opportunity to be the child of the day three to four times per semester. Parents are encouraged, but not required, to be a classroom helper on these days. We are a Co-Operative! We are a non-profit organization governed by a volunteer Board of Directors.
