

Testimonials

Mothers & More has taught me to take time out for me. I enjoy all of the opportunities the monthly social calendar provides and the great network of friends that I've met through this wonderful organization.

Karen, Pewaukee

Mothers & More was truly a life saver for me. I didn't know anyone my age, with young kids. Once I joined the group I met others that were just like me. My kids and I have made some awesome long lasting friendships.

Allison, Brookfield

We didn't know anyone when we first moved to WI from out of state...however, after I joined Mothers & More, I quickly met other moms that I know will be my friends for life. The playgroups and social activities are so much fun. They provide great social interaction for both moms and kids!

Kelly, Waukesha

I can't say enough good things about Mothers & More! My kids have made so many wonderful friends, and so have I! From playgroups and fun activities with your kids to Mom's only events like game nights and movie club, this group offers so much.

Laura, Waukesha

I joined Mothers and More to find playmates for my toddlers and as a bonus I met some great moms who I could connect with at parks, libraries and playdates. Thanks Mothers and More!

Deanna, Menomonee Falls

I love Mothers and More because of the opportunity to connect with other moms and share experiences and advice. Also the meetings regarding kids and new educational changes such as the recent meeting regarding how math is taught in the United States, and other very informative meetings encompassing kids and school related issues, retirement, resume building, challenges mothers face balancing out-of-home jobs with family responsibilities. Mothers and More is a wonderful support group for moms and their communities!

Diane, Pewaukee

I joined Mothers and more 8 years ago when my oldest was 6 and my daughter was 18 months. Mostly, I enjoyed the speakers, meetings, children's activities and special interest groups. I really made some great connections and felt brave enough to join the board in 2004. I did programming for 2 years and that was equally fun. It allowed me to network with speakers, organize meetings and make more friends. I can't imagine my life without this chapter...

Linda, Brookfield

I really enjoy the Seasoned Mom's Group and email loops.

MaryAnn, Pewaukee

Two weeks after I moved here from overseas, I found I had so many activities I could do (with and without kids) in Mothers & More. I was busier than I had ever been since I became a mom.

Daniela, Elm Grove

Every time I open up my email account, I have another opportunity to meet other moms, with or without kids, and feel more connected to the world than ever before since I am a mom.

Daniela, Elm Grove

I found Mothers & More to be a social/emotional lifesaver when I moved from PA to WI--without family nearby--and was just realizing how lonely and isolating it could be as a new stay-at-home mother. Now after being a member for two years, it is the same story as many of the chapter members have become my good friends, best advice-givers, shoulders to lean on, fellow bookclubbers, movie dates and...more!

Jenni, Waukesha

I joined Mothers & More when I was new to the area and didn't know any moms. Four years later, I can't imagine my life without the women I have met through this group!

Karen, Muskego
